

**Title:** Getting to Grips with the IPC | **Course Leader:** Katie Fitch | **Pre-requisites:** None

## **Pre-course Preparation:**

On the afternoon of the second day we will begin to map out a medium term plan for your first unit of work, please make sure you have access to this (hard or soft copy). Please bring your laptop or tablet device and your Members' Lounge login details so that you can access the website and resources.

## **Day 1**

### **Session 1 *Shared outcomes about the children we are helping to develop***

By the end of this session you will:

- Develop an understanding of the importance of having shared outcomes about the children we are helping to develop.
- Know more about the Big Picture of the IPC.

### **Session 2 *IPC Learning Goals, Personal Learning Goals and International Mindedness***

By the end of this session you will:

- Know more about the IPC Learning Goals and how they provide an appropriate balance of knowledge, skills and reflection leading to understanding.
- Know more about the Early Years Learning Strands.
- Have an understanding of developing international mindedness through the IPC.
- Have an understanding of the IPC Personal Learning Goals.

### **Session 3 *The structure of an IPC unit – planning & adapting***

By the end of this session you will:

- Know what an IPC unit looks like in practice.
- Be able to plan and adapt a unit of work.

## **Day 2**

### **Session 4 *Planning and supporting the IPC with online tools***

By the end of this session you will:

- Know more about the IPC membership and the online tools.
- Be able to use the online route planner to create a long-term plan of the units you'll teach over the year.

### **Session 5 *Assessment and evaluation that supports and informs learning rather than dictates it – Assessment for Learning***

By the end of this session you will:

- Know more about assessment and evaluation that supports and informs learning rather than dictates it.

### **Session 6 *Creating an IPC classroom***

By the end of this session you will:

- Have started to map out a medium term plan for your first IPC unit of work
- Have had time to reflect on your learning over the past two days
- Have had time to develop an action plan that you can begin to implement in your classroom
